

## WORKPLAN FOR STRAND ONE

1. Opening Statement by the Secretary of State.
2. Presentation by the Alliance Party.
3. Presentation by the SDLP.
4. Presentation by the UDUP.
5. Presentation by the UUP.
6. These presentations should be by written statements to which parties can speak and on which they can be questioned. It is envisaged that in the resulting discussion the general principles and perceived political realities and requirements will be comprehensively aired. From this it is expected that common themes will emerge which will form the basis for further discussions.
7. At this stage it will be necessary to consider the institutional implications of these discussions and to address specific proposals which may be tabled by any of the participants. Issues to which specific proposals may be addressed are likely to include those in the attached Schedule.
8. Elements of this workplan may need to be adjusted in the light of the discussions which may suggest new issues or approaches.
