Raymond McCord

Thursday 13 November 2008 21:19

### Latest death threat against McCord

Raymond McCord, whose son was murdered by the UVF just over ten years ago, has been speaking out after receiving his fifth death threat from loyalist paramilitaries in six weeks.

Mr McCord was informed by police of this latest threat on Wednesday night.

His son Raymond Jnr was beaten to death by the loyalist paramilitary group in November 1997.

After tireless probes by Mr McCord, a report by the Police Ombudsman early last year concluded that the police protected the murder gang from prosecution because its leader was an informer.

Mr McCord says he won't be silenced: " *As the police advised me several weeks ago these people won't stop until they kill me, simply for telling the truth about them. They're not going to keep me quiet. I'm going to get justice for young Raymond.*"
